Bsc. Mathematics and Computer Science

USIU, Cyber Shujaa Program
May 2023 – August 2023
Cyber Security Analyst Training

EXPERIENCE

Frontend Developer | Finetek Labs
01/2020 – 09/2021
- I built and developed websites using Vue JS, which is a JavaScript library for creating interactive and responsive user interfaces.
- I wrote clean and efficient code and I actively engaged in rigorous testing to ensure functionality and quality in web development projects.

Financial Analyst Intern | Co-operative Bank
05/2022 – 09/2022
- I gained experience in basic modelling, forecasting techniques and data sourcing, leveraging data insights to aid in strategic planning.
- I actively communicated with clients, providing regular updates on the progress of immobilizations and transmission transactions.

Standards & Type Approval Intern | Communications Authority of Kenya
01/2024 – 04/2024
- Assess telecommunication devices to determine if they meet the established standards and regulatory requirements.
- Document and report on compliance findings and provide recommendations for corrective actions to ensure compliance.
- Responding to customer queries and registering new clients on the ICSM database.
